

International employment and payroll is hard.

But Boundless makes it easy to compliantly employ your international workers, and easily take care of payroll & tax filings, wherever your team members are based.

Boundless is an Employer of Record and acts as the legal employer of your workers thus sparing you all the compliance pain of local employment. [You get the benefits of diverse internationally remote employment](#), without any of the challenges.

How it works

1

Sign up on the Boundless platform, select which country you want to employ in, and fill out basic employee information.

2

Sign the three party employment contract between Boundless, your employee and you.

3

We take care of the rest: processing payroll, filing taxes, paying salaries, and managing HR compliance.

Why choose Boundless?

Automated Payments

One payment in your local currency, covers employees and tax authorities in their local currencies.

Expert Support

Quickly resolve local payroll and support issues with our expert support workflows.

Accurate Payroll

Easily review and approve payroll. We handle the processing, and take care of all local tax filings.

Secure

Rest assured that sensitive payroll and employment information is transmitted and stored securely.

All you need to do is:

Focus on building a great team, growing a successful business, and serving happy customers.
